Position Train Assistant

Duties :

A Train Assistant supports the Train Driver in ensuring safe, efficient, and compliant rail operations by preparing locomotives, conducting pre-trip inspections, performing shunting activities, and monitoring safety en-route. Key duties include coupling/uncoupling carriages, assisting with brake tests, and maintaining communication via radio or handsets.

### **Primary Duties and Responsibilities:**

- **Locomotive Preparation:** Prepare locomotives, place necessary equipment on board, check for defects, and ensure a clean, safe working area.
- **Shunting and Coupling:** Couple/uncouple locomotives and wagons, ensure vacuum pipes are properly connected, and handle hand-operated points.
- **Safety and Inspection:** Conduct brake tests (vacuum or air), examine trains, and verify that all wagon doors are securely closed.
- **Operational Support:** Assist the driver by observing signals, maintaining a lookout for hazards (animals, people, maintenance crews), and verbally exchanging signal positions.
- **Documentation and Reporting:** Complete relevant trip reports, vehicle lists, and vacuum forms.
- **Emergency Response:** Actively assist the driver during emergencies and protect the train during incidents.
