---

## PROFESSIONAL SUMMARY

---

Motivated and detail-oriented IT professional with a strong foundation in cybersecurity, networking, and technical support. Certified in Google IT Support and Google Cybersecurity, with practical knowledge of SOC operations, threat detection, log analysis, Linux, network protocols, security auditing, and identity and access management. Actively developing hands-on skills through TryHackMe SOC Level 1 labs and CompTIA Security+ preparation. Targeting a junior IT support or SOC analyst role where I can contribute to incident detection and response while continuing to grow.

## CERTIFICATIONS

---

**[Google Cybersecurity Professional Certificate](#)** — Google via Coursera | 2026

*Key Skills: SIEM tools, Network Security, Incident Response, Linux, Python basics, Security Auditing*

**[Google IT Support Professional Certificate](#)** — Google via Coursera | January 2026

*Key Skills: Network Protocols, Linux CLI, Troubleshooting, Systems Administration*

**[Networking Basics](#)** — Cisco Networking Academy | 2025

**[Introduction to Cybersecurity](#)** — Cisco Networking Academy | 2025

**[Computer Hardware Basics](#)** — Cisco Networking Academy | 2025

**[Using Computers and Mobile Devices](#)** — Cisco Networking Academy | 2025

## PROJECTS & LABS

---

**TryHackMe — SOC Level 1 Learning Path** | *In Progress* — 2026

- Completing hands-on SOC analyst training covering threat detection, log analysis, and incident response workflows.
- Gaining practical experience with SIEM tools, network traffic analysis, and security monitoring techniques.
- Tools and concepts: Splunk, Wireshark, network protocols, IOC identification, alert triage.

## TECHNICAL SKILLS

---

**Security:** SOC Operations, Threat Detection, Log Analysis, IAM, Encryption (AES/RSA), Security Auditing, Incident Response, SIEM fundamentals

**Networking:** TCP/IP, DNS, DHCP, IPv4/IPv6, Network Troubleshooting, Wireshark

**Operating Systems:** Windows 10/11, Linux (Ubuntu/Debian), Command Line Interface (CLI)

**Administration:** Active Directory, Asset Management, Documentation

**Tools:** Splunk (introductory), Wireshark, Google Workspace, Microsoft Office

## PROFESSIONAL EXPERIENCE

---

**Filing Clerk** | *24-7 Security Services* | May 2025 – November 2025

- Maintained and managed both digital and physical documentation systems with high accuracy.
- Reviewed, sorted, and verified contracts to ensure accurate and up-to-date records.
- Improved documentation consistency by identifying and archiving outdated files, streamlining retrieval processes.
- Demonstrated attention to detail and reliability in a professional security services environment.

## EDUCATION

---

### **National Senior Certificate** | *Bracken High School* | 2024

- Mathematics: 73% (Level 6)
- Business Studies: 81% (Level 7)
- Geography: 88% (Level 7)
- Physical Science: 63% (Level 5)
